PROFESSIONAL SUMMARY

Security Consultant / Penetration Tester with **2.5+ years of experience** delivering Web, API, Mobile, Internal & External Network, and Active Directory security assessments across enterprise and financial-sector environments. Experienced in vulnerability assessments, **penetration testing**, **red team exercises**, and **purple team operations**, with expertise in OWASP Top 10, MITRE ATT&CK, and risk-based remediation. Certified in **CRTP**, **CEH**, and **eJPT**, with **CRT0** currently in progress. Assessed 1,000+ internal and external IPs and identified high-impact vulnerabilities across enterprise applications and infrastructure.

EXPERIENCE

Anzen Technologies Pvt Ltd. – India, Navi Mumbai

Security Consultant / Penetration Tester

Aug 2022 - Dec 2024

- Led Web Application, API, Network and Active Directory penetration tests for major Stock Exchange clients. Translating results into penetration assessment reports and input for Remediation to the Enterprise.
- Performed API security testing & internal network penetration testing discovering: Authentication flaws, Authorization bypassing, Kerberoasting, Privilege escalation, lateral movement mapped to **MITRE ATT&CK** Techniques.
- Assessed **1,000+ internal** and **external IPs** for a leading banking client and delivered risk-based remediation recommendations informed by **SAST** and **DAST** results.
- Collaborated with **SOC and Blue Team** members during **purple team exercises and cyber drills** to improve detection, response, and alerting capabilities.
- Identified, validated, and documented 30+ high and medium-risk vulnerabilities across 20+ enterprise applications and infrastructure assets, contributing to a 20% reduction in **remediation turnaround time**.
- Developed **proof-of-concept exploits and attack paths** to demonstrating technical and business impact to stakeholders.
- Supported **CERT-In–empanelled security assessments**, aligning testing and documentation with national cybersecurity standards.

BUG BOUNTY & RESPONSIBLE DISCLOSURE:

- Identified and responsibly disclosed vulnerabilities in production systems of organizations including **Dell**, **Swiggy**, **BigBasket**, and so on.
- Received multiple **Hall of Fame recognitions** for responsible disclosure contributions.

TECHNICAL SKILLS

- **Offensive Security:** Penetration Testing, Vulnerability Assessment (VAPT), Red Teaming, Adversary Simulation, Purple Teaming.
- **Web & API Security:** OWASP Top 10, Authentication & Authorization Testing, Business Logic Flaws.
- **Network & AD Security:** Active Directory Exploitation, Privilege Escalation, Lateral Movement.
- **Frameworks:** MITRE ATT&CK.

TOOLS & TECHNOLOGIES

BurpSuite, Metasploit, Nmap, Nessus, Tenable, Mimikatz, BloodHound, SharpHound, Wireshark, SQLMap, etc.

EDUCATION

Masters in Cybersecurity
Dublin Business School

04/2025 - 04/2026
Dublin, Ireland
